

# BIOAXIS DNA RESEARCH CENTRE PVT LTD LUCKNOW

## PRESENTS

### ONE DAY HANDS ON TRAINING & WORKSHOP IN MODERN DRUG DISCOVERY

#### VENUE:

BIOAXIS DNA RESEARCH CENTRE  
3/154 VIKAS KHAND GOMTI NAGAR  
NEAR MAYO HOSPITAL  
LUCKNOW  
HNO: 0522 -2300502  
E-MAIL: [bdrelucknow@dnares.in](mailto:bdrelucknow@dnares.in)

#### PROGRAMME:

HANDS ON COMMERCIAL SOFTWARES USED IN DRUG DESIGN  
MODERN DRUG DISCOVERY TOOLS: SYBYL(TRIPOS),CCDC GOLD,  
MOLGROW AGAINST AIDS DRUG DESIGN  
STRUCTURAL BIOINFORMATICS IN DRUG DISCOVERY

#### REGISTRATION

DATE: 23.04.2011  
Time: 10.00 AM-6.00pm  
No of Seats: 20  
Fee: 250/- (Free for BDRC Members)  
Registration Deadline : 01.04.2011

#### ABOUT THE PROGRAMME

*Bioinformatics is another revolution like information technology. This has become the pace of current era Biotechnology and Biomedical Research. Modern Drug discovery has found a boon in the form of Drug databases and range of sophisticated tools and software which have not only enabled the Researchers to visualize the structure but they now optimize, minimize energy and Model the structures according to the requirements. Rational Drug Discovery has drastically brought down the cost and time required for Drug candidates to reach Clinical Trials. Now the Pharma Industries don't face failure of Drug candidates at the end stages rather bad drug candidates are screened at much earlier levels with the advent of this wonderful science Bioinformatics.*

*This one day workshop is aimed to bring upon the participants of different Life science background having interest in Drug Design, Clinical Research and Rational Drug Discovery and related areas. The programme will have 1:1 Man to machine ratio to enable the participants to grasp the concepts thoroughly. The main focus of this workshop is the use of Commercial Tools and software in present scenario.*
